Maria Tzanidaki - Cloud Engineer | AWS Certified Architect

Maria Tzanidaki

Cloud Engineer | AWS Certified Architect

[Download CV](#)

About

Passionate Cloud Engineer with expertise in building serverless architectures and cloud-native automation using AWS Lambda, Step Functions, EventBridge, and Systems Manager. Specialized in improving operational efficiency and developer velocity through scalable event-driven solutions.

My journey in tech began at a code school, which laid the foundation for my career in cloud engineering. I bring a unique blend of technical expertise and creative problem-solving, having experience not only in cloud technologies but also in education and entrepreneurship.
